This year there is a formulary in Health Services which can provide most common medications prescribed by the Health Service physician. These are available to students at cost. Also new this year is the College Physician. MSMC welcomes Karen Hacker, M.D. Serving as the Director of Health Services is Debbie Anderson, R.N., M.P.H. and as counselors are Joyce Snyder, M.F.C.C. and Gloria Mucino, L.C.S.W.

The Health Advocates living in residence this year are: Yvette Castro 3F₂, Susan Gonzalez R220, Susan In 3F₁, Lori Koutouratsas B106, Anne MacArthur R214, and Sherrie Zukle B108. Every week, there is a designated Health Advocate on-call. The name of the on-call Health Advocate is posted at the Residence Desk and the Director of Residence Office. The H.A. can be reached either in her room or through a beeper system which works in the following way:

Go to a touch-tone phone and:

1. Call 458-4167
2. Punch in 800614, then wait for a beep tone
3. Punch in the phone number where you can be reached
4. Hit the # sign on the phone, wait for five beeps
5. Hang up quickly and wait for a Health Advocate to contact you at the number you gave

* Please note: Do not beep the Health Advocate on one of the college phone lines (476-2237), as this number will appear on the beeper display and the Health Advocate will not know where on campus to reach you.

Remember, we're here for either medical attention or health information. Please do not hesitate to use these services. Staying healthy and fit is of top priority in getting through a stressful year of studies!

TO: Student Bulletin

FR: Beverly Porter and Staff

The attached letter is from the Executive Director of the National Association of Student Financial Aid Administrators (NASFAA).

The Financial Aid Office is sharing this letter to the student body to ease your frustrations of the financial aid process.

We are asking your cooperation and patience as we continue to process all request for financial assistance.

Due to processing difficulties, the financial aid office will be open the following hours effective September 11th thru September 29th.

Monday, Wednesday, and Fridays	9:00 - 12:00 (ONLY)
Tuesdays and Thursdays	1:00 - 4:00 (ONLY)

We deeply appreciate your understanding.

Letter Sent to Institutional President

NATIONAL ASSOCIATION OF STUDENT FINANCIAL AID ADMINISTRATORS

1776 Massachusetts Avenue, N.W., Suite 100, Washington, D.C. 20036

Phone (202) 785-0453

Hotline (202) 785-0451

August 5, 1986

Dear President:

Student enrollments at your institution for 1986-87 may be adversely affected because of recent and untimely regulatory and legislative actions. Reports from a majority of NASFAA institutions nationwide suggest that these actions, which impose new eligibility criteria and verification requirements, are seriously delaying the processing of student aid applications.

There has been as much as a 60 percent decrease in the number of Guaranteed Student Loans processed to date, as compared to last year, according to State Guaranty Agencies, lenders, and institutions. This is a direct result of the Consolidated Omnibus Budget Reconciliation Act, enacted on April 7, coupled with expanded and confusing verification regulations published by the Education Department on March 14. Further, expanded verification of application data elements has extended the processing time for other Federal student aid programs by as much as two months.

Currently, financial aid administrators are earnestly trying to notify families of the new rules, collect and review the information submitted in order to finalize awards, and deliver financial aid dollars to students in a timely manner. In spite of these efforts, the sheer volume of required documentation is creating a major backlog in all of the processing systems. In addition, the personnel, mailing, and processing costs associated with this activity are significantly impacting institutional operating budgets.

Efforts are under way at the Education Department to modify the existing regulatory requirements. The fact remains, however, that even total repeal of these requirements would not provide the relief needed to ensure the timely delivery of financial aid dollars to many needy students this fall.

While NASFAA is working with the Congress and the Education Department to implement more reasonable procedures for the future, we do want to alert you to the potential and very real cash flow problems your students may encounter if their student aid funds are delayed. We urge you to contact your financial aid office to ascertain the impact at your institution.

Sincerely yours,

A handwritten signature in black ink, which appears to read "Dallas Martin", is written over the "Sincerely yours," line.

Dallas Martin
Executive Director

HILLIARD ENSEMBLE TO PERFORM IN MARY CHAPEL

On the evening of 3 February 1987 at 8 o'clock, the Hilliard Ensemble will visit Mary Chapel to perform—in candlelight—a program of sacred music by William Byrd, John Dunstable and Lionel Power. The exquisite sounds of English Renaissance polyphony will echo through Mary Chapel, whose acoustics were praised last year in Daily Variety for their "brilliant, perfect reverberation." *[Add here the information about Sir Daniel, as you would like it to be worded!]*

The Hilliard Ensemble is a group of talented young English musicians whose performances, all over the world, have been described as "one blissful vocal pleasure after another." They come to Los Angeles this year as part of the Mount St. Mary's CHAMBER MUSIC IN HISTORIC SITES series. Tickets are available at \$20, 15, and 10 (with a \$5 student rush available on the night of the performance).

The mesmerizing Sequentia performances given in Mary's Chapel last year were completely sold out. If you were there, you know why! If you weren't, take this opportunity to enjoy a resonant, world-class performance of some of the most elegantly moving music in our western tradition—set in our own incomparable Mary Chapel!

You might also wish to consider giving tickets to the concert as a Christmas gift. Contact the Da Camera Society on the Doheny campus (x2210, 2111, 2212) for ticket information. But act now, before the concert sells out!

ETHNIC CULTURES AND LEARNING PROGRAM

Program to Increase Understanding of Ethnic Cultures and Learning: Funded by the Consortium For the Advancement of Private Higher Education (CAPHE). Last year, the Mount received a grant to study the relationship between ethnic cultures and learning. In these months, we all had the opportunity to learn a great deal through projects planned in relation to this study. Maya Angelou's time with us was one of these projects. Some have characterized the political and social development of the United States as "the grand experiment." Our society also has been characterized as a "melting pot" because of individual potentials coming from all parts of the earth. Still others have characterized the ethnicity of the United States as "a fruit bowl," reminding us that ethnicity is preserved with pride by various ethnic groups and that this variety has added unparalleled richness and vigor to our American culture. Los Angeles is at the heart of a rapidly developing ethnic diversity. This increased diversity is the future of our country. As a liberal arts and Catholic women's college, we want to contribute to the understanding and appreciation of these ethnic cultures and learning. This is a wonderful opportunity for all of us. I encourage you to take full advantage of the events and projects in this program.

We will post all newspaper copies that come to us from our clipping service, and news associate Derek Garbellini will send a photocopy of the article to the students recognized in their local papers. It helps when you include the name of the paper and the date the article appeared. Keep a sharp eye on your newspapers, you might be surprised.

FINANCIAL AID

It is now time to apply for financial assistance for the upcoming academic year, 1987-1988. With the rising cost of education, financial aid often provides you with the opportunity to attend the college of your choice. Since there are so many factors involved in determining eligibility for financial aid, don't make the mistake of automatically disqualifying yourself. Please take the time to complete the Student Aid Application for California (SAAC-1987-88) and submit it early. All California residents should apply for Cal Grants A, B, and/or C, whichever is appropriate. You can find a description of these grants and application procedures in the Cal Grant Supplement or the Mount St. Mary's Financial Aid Brochure. Both applications, SAAC and the Cal Grant Supplement, may be picked up from the Financial Aid Office during office hours.

When completing the SAAC, be certain to list in Section G, #41:

- * California Student Aid Commission, CSS Code #0024
- * Mount St. Mary's College CSS Code #4493 - Chalon or #4520 Doheny

You must also fill out the Cal Grant Supplement to apply for Cal Grants A, B, or C. Mail the supplement together with your completed SAAC and appropriate fee to: College Scholarship Service, Box 70, Berkeley, CA 94701. Remember, the DEADLINE for applying for Cal Grant is March 2, 1987. If you have any questions, please don't hesitate to contact the Financial Aid Office.

ASKING FOR LETTERS OF RECOMMENDATION

Faculty members are happy to write letters of recommendation to help you obtain a scholarship, a job, an internship, or acceptance at a graduate school. But remember that when you ask for one, you need to observe a few points of courtesy and thoughtfulness:

1. GIVE INSTRUCTORS ENOUGH TIME TO WRITE YOUR LETTER. They are glad to help you, but dropping off an address in the morning and saying that the deadline for mailing is that afternoon is not only unfair to the instructor, but disastrous for your chances of getting what you're applying for.
2. GIVE INSTRUCTORS YOUR FULL NAME. Your form may be the fourth one received that day, so be sure your full name is on it.
3. LET INSTRUCTORS KNOW WHY YOU NEED THE LETTER. Is it for a scholarship, internship, job, acceptance to graduate school? It makes a difference for the person writing the letter.
4. REMIND INSTRUCTORS ABOUT YOUR ACTIVITIES AND ACCOMPLISHMENTS. Your History or Chemistry teacher may not know about your ASB involvement or your volunteer work at Juvenile Hall, so jot down this information for them, and your letter will be much more interesting -- and much more descriptive of you.
5. PROVIDE A CLEAN, FRESH, ADDRESSED, AND STAMPED ENVELOPE. You don't want your letter to arrive in a tacky envelope, because that makes you look tacky, too. And, if instructors take the time to write a recommendation, you wouldn't want them to spring for the postage, would you?

FASTING means one full (meatless) meal, two small meals, and no eating in between for anyone between 18 and 60 on Ash Wednesday and Good Friday. Fasting and Abstinence are a symbolic way of simplifying our lives, becoming aware of our need for God, and recognizing our unity with the world's poor and hungry.

ASKING FOR LETTERS OF RECOMMENDATION

Faculty members are happy to write letters of recommendation to help you obtain a scholarship, a job, an internship, or acceptance at a graduate school. But remember that when you ask for one, you need to observe a few points of courtesy and thoughtfulness:

1. GIVE INSTRUCTORS ENOUGH TIME TO WRITE YOUR LETTER. They are glad to help you, but dropping off an address in the morning and saying that the deadline for mailing is that afternoon is not only unfair to the instructor, but disastrous for your chances of getting what you're applying for.
2. GIVE INSTRUCTORS YOUR FULL NAME. Your form may be the fourth one received that day, so be sure your full name is on it.
3. LET INSTRUCTORS KNOW WHY YOU NEED THE LETTER. Is it for a scholarship, internship, job, acceptance to graduate school? It makes a difference for the person writing the letter.
4. REMIND INSTRUCTORS ABOUT YOUR ACTIVITIES AND ACCOMPLISHMENTS. Your History or Chemistry teacher may not know about your ASB involvement or your volunteer work at Juvenile Hall, so jot down this information for them, and your letter will be much more interesting -- and much more descriptive of you.
5. PROVIDE A CLEAN, FRESH, ADDRESSED, AND STAMPED ENVELOPE. You don't want your letter to arrive in a tacky envelope, because that makes you look tacky, too. And, if instructors take the time to write a recommendation, you wouldn't want them to spring for the postage, would you?

LIMOUSINE RAFFLE CANCELLED

ASB hereby notifies you that the limousine raffle has been cancelled. Due to incredible increases in insurance rates (\$14,000 per unit to \$16,000 per unit), the kind and generous donor, Marvin Miller of Advanced Limousine Service, had to close down. Efforts were made to substitute Mr. Miller's services, but we were unsuccessful. If you purchased a raffle ticket and desire a refund, bring your stub by the ASB office. As you all know, the proceeds were going to be used to take underprivileged children to the zoo; therefore, you may not want to get a refund so that your money can go for these children. We apologize on behalf of ASB and Mr. Miller -- we know how much most of you were looking forward to participating in the raffle.

They will need a Home away from home. (Maybe you remember our friend Naho from Japan?) Please contact Sister Consuelo, x2269 Doheny, to find out more about this opportunity to have a friendly, Japanese "sister".

FACILITIES FOR RENT

Most of you are aware that we rent out the facilities for educational conferences and workshops, and wedding receptions. But do you know why? In part it is to increase the visibility of the school within the community so more people will know about the Mount. The other reason is to earn money for the college so that costs can stay as low as possible. Everyone can help us in this project by suggesting Mount facilities to your friends, neighbors, and associates. Our prices are reasonable and competitive. For more info, drop by the Facilities office (next to the switchboard) or call Barbara Zajac at x3330.

4. REMIND INSTRUCTORS ABOUT YOUR ACTIVITIES AND ACCOMPLISHMENTS. Your History or Chemistry teacher may not know about your ASB involvement or your volunteer work at Juvenile Hall, so jot down this information for them, and your letter will be much more interesting -- and much more descriptive of you.
5. PROVIDE A CLEAN, FRESH, ADDRESSED, AND STAMPED ENVELOPE. You don't want your letter to arrive in a tacky envelope, because that makes you look tacky, too. And, if instructors take the time to write a recommendation, you wouldn't want them to spring for the postage, would you?

MOUNT PRE-MED PROFILE

Many people have been asking about the success of our students in the premed program. I would, therefore, like to share the following overview with you. This year we had five students take the MCAT exams and make application to medical school. The Mount generally averages an 80% acceptance rate. This is a very high success rate when compared with most other institutions. This year our students completed preliminary medical school acceptance reviews and were given interviews at the following medical schools:

- * Drew-UCLA
- * Meharry Univ.
- * Howard Univ.
- * Medical College of Pennsylvania
- * Univ. of Rochester
- * Pennsylvania University (among the top ten)
- * St. Louis Univ. School of Medicine
- * Emory Univ.
- * Hahnemann Univ.
- * Baylor
- * Tulane
- * Loyola Univ.-Stritch School of Medicine
- * Washington Univ. School of Medicine
- * University of Chicago Med School
- * Chicago Medical
- * Duke University
- * Georgetown
- * UCLA
- * UC Davis
- * UC Irvine
- * UC San Diego
- * UC San Francisco (among the top ten)
- * Columbia (among the top ten)
- * Stanford (among the top ten)
- * Univ. of Wisconsin
- * USC

Following the interviews our students were accepted at all of the above schools that are starred. Final decisions havenot been made in all cases because students are still on alternate lists at various schools, however, at present Linda Branker is deciding between Meharry in Nashville or Drew-UCLA, Stefani Cardomon will attend St. Louis University School of Medicine, Susan Gonzales has chosen to go to USC and Lilia Parra will attend Stanford Univ. Medical School.

Our students remain on alternate lists at: Georgetown, UC Davis, Baylor, Tulane, Emory, Univ. Chicago, and Loyola-Stritch.

Additionally, you can find our graduates who are already pursuing their medical education at the following: Ohio State Univ. School of Medicine, Univ. of Pittsburg, American Univ. of the Dominican Republic, Univ. of Pennsylvania, Loyola-Stritch, and the Univ. of Southern California. Four graduates are in Dental School education at USC, Northwestern, Loma Linda, and UC San Francisco.

We hope this information will be of use in recruitment and retention efforts. We are very proud of our students and wish them every success.

FACILITIES

As many of you know, we are trying to increase rentals of the facilities to raise money for the scholarship fund. This means that the Facilities Office will be booking events months in advance and trying to fill all available spaces.

On-campus groups and events, of course, continue to be of primary interest, but we need your help. When you are in the planning stage of your event, please talk to Facilities to be sure your space is available and reserved. Every effort will be made to work around College events and avoid conflicts. Please communicate early! Thank you.
